1. **Early Mobilization Workgroup**
   Liza Figueroa has taken on the responsibility of chairing this very important workgroup – big thanks to her!
   Also, Sasha, Les, Liza, and Donna (and possibly others?) walked around 3E yesterday measuring the beds to determine available space for new chairs – HUGE thanks to them!! Sadly, there is no photographic documentation of this adventure, but we were able to capture some today as Liza, Donna and I walked around measuring the doors and looking at the isolation rooms (see attached picture)
   We are making progress and hope to decide on the chairs we want to order in next week’s workgroup meeting.

2. **PIMC Recommended Peri-Operative Prophylaxis for Adults**
   As Dan discussed in our program meeting last week, our new guidelines are ready (and were distributed this week). As you can see in the attached picture, Beckie is VERY excited about the new card! ☺

3. **POSH A&P EHR Documentation**
   As described in the email earlier this week, we have picked a target date of the week of March 3, 2014 to begin live testing. In order to do that, Lyn is holding small group trainings during the week prior. They are as follows, with the listed participants. **We still have not heard from many of you, so please review the available dates and email me to reserve your spot**. We still need to hear from Anesthesia, Case Management, Family Medicine, Internal Medicine, SDS/PACU, OR, Nursing, Oncology/Pastoral Care, and Physical Therapy. As a reminder, those who should participate are the first and second provider who will complete the A&P documentation. Please let me know when you would like to receive the training! **Red is Full, Green is a spot for you**!

4. **POSH Website – the new website is up and running!** This is now a full website, not just including the staff education library. The easiest way to access the website is from EHR. If you haven’t checked it out yet, please do. Suggestions welcome!
   The website (available on and off campus) is: [http://azhin.org/pimc/posh](http://azhin.org/pimc/posh)
