Upcoming Meetings and Events

- A&P Meeting, Tuesday, 9/2, 2:30-3:30, CRAB

Why are Greg, Jenny, Joan and Anathea so Excited? You Will Be Too Once You Hear the News:

THE CHAIRS ARE COMING!!!!!!!

Thanks to the Early Mobilization work group and the acquisitions department, the chairs have been purchased! We selected the chair colors today to match the hospital colors in each unit. The new chairs will be in 3E, ICU, ER, and Respiratory Therapy. We expect to have them delivered in the next few weeks! Get excited for this major step (seat?) forward for our patients and family members!!!
Did you know?
You’ve only got 2 more chances to hear about bowel surgery this month! And there will be pizza at the evening lecture!

Wow! 40 Staff Members at the Lectures this Week!

We had awesome turnout at the last two lectures this week with pharmacy, nutrition, nursing, and ISS all attending! Nurses from 3E, ICU, OR, PCMC, and Specialty were all there, as well as Nursing supervisors. The same was true for inpatient pharmacy and nutrition! Thank you to everyone who attended, and those staff who covered for other staff attending. **We especially want to thank the supervisors who led by example by attending the lectures and also staffing the floors and pharmacies so that your staff could come. Together, by attending the lectures and enabling others to come, we are all promoting a culture of education and support for each other!**

The remaining lectures will be held in Conference Rooms A&B as follows:

**MORNING 7:30-8:30 AM**
Tuesday, August 26

**EVENING 7:30-8:30 PM**
Monday, August 25

**And there will be pizza at the evening lecture on Monday, August 25.** Don’t miss it!

For those who have been unable to attend (or who just can’t get enough of POSH and bowel surgery!), we have recorded the lecture. The link is available [here](#).
